EDUCATION

The George Washington University

Washington, DC

Bachelor of Science in Biomedical Engineering; Minor in Chemistry

May 2024

- **GPA:** 3.8
- **Honors:** Charles and Elma Naeser Engineering Scholarship
- **Relevant Coursework:** Algorithms and Data Structures; Programming for Electrical and Computer Engineering

RELEVANT TECHNICAL SKILLS

Languages: C, C++, Java, JavaScript, COBOL, SQL, FORTRAN, XML, HTML, JCL

Applications: Cadence, Verilog

Operating Systems: Windows, Unix, Linux, Mac OS

Database Systems: SQL Server, MySQL

Software: Adobe (Photoshop, Illustrator, Dreamweaver), Microsoft Office (Word, Excel, PowerPoint), AUTOCAD, MATLAB

TECHNICAL PROJECTS

Biomedical Capstone Project Lab

Washington, DC

Blood Analyzer Calibration, Team of 3

Jan 2024 – Apr 2024

- Led team calibrating blood analyzer machine
- Created multiple configurations to analyze outputs and identify key factors
- Wrote 20-page report describing simulation steps and optimal solutions
- **Accomplishment:** Presented findings at a regional biomedical engineering conference

Introduction to Electrical/Computer/Biomedical Engineering

Washington, DC

Leader, Team of 4

Sept 2022 – Nov 2022

- Created fluid separator code using InteractiveC
- **Accomplishment:** Honorable mention in junior research competition (April 2022)

RELEVANT EXPERIENCE

ChemRisk, Dr. Joanna Someone, PhD

San Francisco, CA

Health Science Intern for Principal Investigator

Sept 2023 – Apr 2024

- Provided scientifically rigorous approaches to answering questions about human health hazards posed by chemical, biological, pharmaceutical, and radiological agents for publication on company website
- Reorganized main company website using HTML to ensure integrity and access
- **Accomplishment:** Co authored a journal article with the Principal Investigator to be published in the *Journal of Biomedical Engineering*, Summer 2024 edition

Howard Hughes Medical Institute

Ashburn, VA

Research Laboratory Intern

June 2022 – Aug 2022

- Managed production support for prostheses
- Developed design documentation and process modules
- **Accomplishment:** Presented at SWE Conference
